- mini trade show

Registration deadline  
Monday, January 23\*

*\* late registrations accepted but  
lunch not guaranteed*

**Alberta Urban Garden's** Stephen Legaree is a keen home gardener. With his popular YouTube series Stephen promotes organic gardening that is simple and sustainable. He likes trying new gardening techniques and, with the sensibility of a scientist, is always testing old garden wisdom. With a gallery of photos Stephen will show us a collection of structures to make your garden both more productive and attractive.

Meet the **ATCO Blue Flame Kitchen** food preservation guru. Learn about the many ways you can safely preserve your garden bounty to enjoy all year round. See a display of various types of equipment, watch a "dry demo" of the processes, and take home a package of recipes.
